ALONG THE FRONT.

The gasoline schooner Surprise was sold at auction last week to Manuel Rego for \$750. It was found impossible to move the vessel from the rocks at Koloa.

The brig John D. Spreckels has been ordered to Kahului to load sugar for San Francisco.

IMPROVING SIERRA.

SAN FRANCISCO, February 22.—The steamer Sierra of the Oceanic Company is at the Sugar Refinery dock discharging sugar and undergoing repairs to her machinery. Since the disaster on the Ventura, whereby five men lost their lives, the officials of the Oceanic Steamship Company have taken every precaution to prevent any further accidents of a like nature. The machinery of all three of the new steamers recently constructed for this line by the Cramps of Philadelphia has been overhauled and the lessons pointed out by the sad experience with the Ventura have borne fruit in changes and repairs that seemed necessary.
 At the recent investigation by the local inspectors of Hull and Boilers into the Ventura disaster, the fact was brought out that the steam pipes of that vessel were not reinforced with steel bands, and the engineers of the Ventura gave it as their opinion that had steel bands been placed at regular intervals around the copper steam pipes the accident might have been averted. It was learned on good authority this morning that the steam pipes of the Sierra have been taken out and fitted with steel bands.

ANTI-SALOON LEAGUE.

Organized Last Night at the Y. M. C. A.—Officers Chosen.

Following an earnest and characteristic address by Rev. Dr. E. S. Chapman, the Anti-Saloon League of Honolulu was organized at the Y. M. C. A. hall last night. In the course of his address Dr. Chapman said that while not expressing any opinion as to the efficacy of Mrs. Nation's hatchet crusade in Kansas, he believes she was entirely within the law and her actions were a rebuke to the cowards who were afraid to enforce the law through the legal channels.
 As to the dispensary bill he said if the bill to be presented to the legislature was as he understood it, its passage would be a magnificent achievement.

The Anti-Saloon League was organized with the following officers: Rev. G. L. Foster, first vice-president; Franklin Austin, second vice-president; Mrs. J. M. Whitney, third vice-president; J. M. Moore, secretary; J. B. Atherton, treasurer; W. K. Azbill, chairman of agitation committee; Dr. W. D. Westervelt, chairman of legislation committee; Major Wood, chairman of enforcement committee; J. P. Erdman, chairman of finance committee, and William Templeton, chairman of enrollment committee.
 Dr. Chapman will hold a farewell service in Central Union church next Sunday evening, his sermon being in connection with and encouragement of the league.

FRIDAY BAND CONCERT.

The concert announced to take place in the Hotel grounds on Friday evening (Verdi) night will begin at 6:30 sharp instead of the usual hour, thus enabling those having tickets for the song recital of Mdlle. Trebell to attend it.

SENATE COMMITTEES.

President Russell, of the Senate, yesterday afternoon appointed his standing committees. The policy of the House in making a Home Ruler chairman of each committee was departed from but one time. Following are the principal committees: Ways and Means—Kanaha, Carter and Kaine; Judiciary—White, Cecil Brown and Kaine; Public Expenditures—Kalaupaka, Baldwin and Kanaha; Public Lands, Etc.—J. T. Brown, Paris and Nakapahu; Forestry, Etc.—Kaohi, Baldwin and Nakapahu; Public Health and Instruction—Kanaha, Baldwin and Kalaupaka; Printing—Kalaupaka, Achi and Kaohi; Accounts, Etc.—Kanaha, Paris and J. T. Brown; Claims—White, Crabbe and Kaine; Military—Carter, Kahilana and Kanaha; Intoxicants—Kanaha, Crabbe and White.

When the committees had been announced Senator White moved to adjourn on account of its being inauguration day. This carried unanimously.

Another Large Shipment of Angle Lamps

"THE ANGLE LAMP"
 The Light that Never Fails

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the Islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but besides being infinitely cheaper it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.50 up.
